

Bless a (Hair)dresser

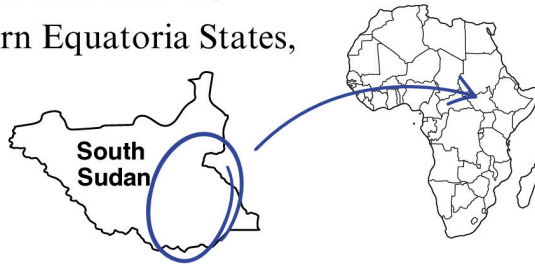

With your gift of **Hairdresser training**, women can start a small business, and earn an income to provide for their family.

Your Gift of Grace delivered in:

Jonglei and Eastern Equatoria States,
South Sudan

What you give	Training in Hairdressing + Business skills
Why your help is needed	<ul style="list-style-type: none"> • Jonglei State is the least-developed region of Africa • Conflict, flooding and drought are ongoing • Millions of South Sudanese have had to flee their homes • Many remain displaced, and many are also returning home to rebuild their lives and their country • Yet there is nothing there for them - all destroyed by war, floods, drought • Families struggle to survive, with no reliable sources of income, and very little to eat • Women often forced to work dangerous jobs like making charcoal, which means being alone in a forest and at risk of attack
How your gift changes lives	<p>Your Hairdresser Training means women have new skills to earn an income... ...so they no longer need to do dangerous work ...and can provide for their family's needs, like food, medicine and school ...so their family continues to grow strong and healthy!</p>

CASE STUDY

“I send my gratitude”

“My name is Ayen Jok Thon. I live with my husband and children. I struggle a lot to support my children.

I run a hairdressing salon and shop to try and earn money to feed my family.

I plait hair and sell beauty products.

I have gained skills in business management, and I am very careful with the profit I am making.

This sustains my family and pays fees for my children’s education.

I send my gratitude to those who supported me!”

How your gift grows

The great thing about your gift is it keeps on giving for many years!

Through ALWS, you support people to **keep on growing**. Along with your hairdressing salon, you also help families in South Sudan with other ways to make a living, like seeds and farm tools, fishing, and a chicken-raising business.

With your support, people make **their own decisions** about the development in their community. They have responsibility for the activities, and grow the confidence needed to become self-sufficient.
